5. **Faculty Coordinator:** Dr. Nabajyoti Deka (HoD) & Dr. Purabi Sarmah
6. **No of Participants in details (students):** 40
7. **Nature of Participation:** School Students and Teachers
8. **Activities Carried out / Detail Description of the event:**

An awareness campaign has been organised on behalf of Chemical Society, Nalbari College in a nearby school of the locality on Plastic Waste management. The main purpose of this type of interaction is to develop a good habit of managing waste plastics from this very young age in proper way without harming the environment. We are trying to make them understood in simple and lucid language how plastic is becoming a dangerous threat to the environment and creating a menace to the society. We are advocating the importance of three ‘R’ s among the school children i.e. **Reduce, Reuse and Recycle** in order to save this beautiful earth for future generation.
