8. Activities Carried out / Detail Description of the event:

Dr. Ankur K. Guha has given an excellent talk on the topic “Quantum chemistry: A Friend or Foe”. He has a vast knowledge of Quantum Chemistry and had tried to develop real interest of students in the subject quantum chemistry by giving some real-life examples. He is currently busy in Theoretical and computational Chemistry research and has already published his works in a number international journals of high impact factors.

The lecture was indeed a very successful one and was found to be fruitful for our undergraduate students. After the talk, an interactive session was also continued for more than half an hour

A News Letter (2021-2022) of our department was also inaugurated on the day of the academic lecture.
