

**WORLD ENVIRONMENTAL DAY CELEBRATION, 2025**  
**ORGANISED BY NCTU AND IQAC,**  
**NALBARI COLLEGE, NALBARI**  
**IN COLLABORATION WITH DEPARTMENT OF BOTANY, PHYSICS AND**  
**CHEMISTRY**

**Summary:**

On the occasion of *World Environment Day*, Nalbari College organized a meaningful event to promote environmental awareness and sustainability. The celebration began with an insightful lecture delivered by the Principal of Nalbari College, highlighting the importance of ecological conservation and the responsibility of individuals in preserving nature.

The event was further enriched by a short lecture from Dr. Hangshadhar Rajbongshi, IQAC Coordinator, who emphasized the role of academic institutions in fostering environmental

consciousness. Dr. Nipan Mazumdar, NCTA Secretary, also shared valuable perspectives on climate change, sustainable practices, and the collective efforts needed to address environmental challenges.

Teachers from the Botany, Physics, and Chemistry departments, along with faculty members from various other disciplines, actively contributed to the success of the event. Their expertise and encouragement helped students engage in discussions on scientific approaches to environmental sustainability.

To mark the occasion practically, a tree plantation drive was carried out near the Boy's Hostel campus, reinforcing the significance of afforestation and biodiversity conservation. This initiative aimed to enhance the green cover of the institution while instilling a sense of ecological responsibility among students and faculty alike.

The celebration at Nalbari College not only spread awareness but also inspired actionable steps towards a greener and healthier environment.
