Entrepreneurship education attempts to provide with the knowledge, skills and motivation to encourage entrepreneurial success in a variety of settings. Variations of entrepreneurship education are offered at all levels of schooling from primary or secondary schools through graduate university programs

In a general way, entrepreneurship is the ability and readiness to develop, organize and run a business enterprise, along with any of its uncertainties in order to make a profit. The most prominent example of entrepreneurship is the starting of new businesses with innovative ideas.

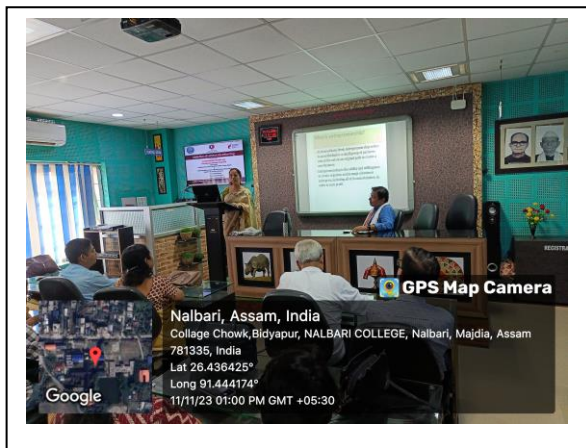

The National Education Policy 2020 has a big focus on entrepreneurship and innovation as tools for revamping the educational system. The need for quality improvement in the

curriculum and the desire to equip students has been catered through NEP. Thus NEP prescribed for skill oriented courses in UG level.

**11. Key outcome of the event/activity:** Enrichment of existing knowledge on entrepreneurship education and the national education policy 2020.
